Mailul unui partener imi intra in Spam cum pot sa il mut automat in Inbox folosind Roundcube?

Accesati **webmail.domeniuldvs.tld** in browser si alegeti aplicatia **Roundcube**, dupa logare accesati in partea dreapta **Settings**

Apoi in stanjga jos apasati pe Filters

apasati semnul plus + din partea de jos a paginii

adaugati un filtru ca in exemplul de mai jos si apasati Save
